

A simple fix

I am a priest and I wanted to make a simple alteration to one of our liturgical vestments. Sewing was required, and I am not very good at sewing. After twenty minutes, as I was just finishing up, all the stitching came undone suddenly...

A little frustrated, I remembered Dora and the fact that she would have had to do things like this thousands of times, with a lot of love for God. I prayed to her for help, and

as I went along, I asked her to "advise" me at every step of the process. It came out very well! And a lot better then I had expected it would when I sat down to try. Thanks, Dora!
