# The Baptism of My Great-Grandson

A grandmother shares a special family favor that she attributes to the intercession of Guadalupe.

12/10/2013

For my grandchildren and great-grandchildren, I usually give them a scapular of Our Lady of Mount Carmel at the moment of baptism. My granddaughter, Monica, is not married and ever since she became pregnant with my grandson, I began praying through Guadalupe's

intercession that they would decide to baptize the baby.

My dream became a reality: they baptized my grandson two months after he was born and they also gave him the scapular. Now I am praying to Guadalupe that my granddaughter decides to get married.
