

Web page for the memorabilia of St. Josemaría

The Italian company Formula srl that prepared the memorabilia for the canonization of St. Josemaría, has introduced some changes in their website (www.sjem.it) and they are offering the possibility of purchasing these items on the web.

12/30/2003

One thing available on the web site is a list of churches and other places in different countries (USA, Philippines, Australia...) where these memorabilia may be obtained. The website is simple and attractive. It gives information in English, Spanish, Italian, French and German. The form of payment is also included.

Formula srl sends 20% of the income from these sales to Harambee 2002, a foundation which helps promote educational projects in Sub-Saharan Africa.

Harambee 2002 was established on October 6, 2002, the day St. Josemaría Escrivá was canonized. The original donations came from persons who attended the canonization as well as from many other persons from around the world. Harambee 2002 has just entered its second phase

which will include new solidarity projects in 2004.

The memorabilia offered on the website include:

Medals made from different metals

Statutes made from alabaster (8-60 inches high)

A CD with the voice of St. Josemaría with background music

Rosaries and Rosary cases

T-shirts and hats

Picture prayer cards
