I am writing to inform you about another favour that I received through the intercession of Jeremy White.

In March this year I communicated to you how the intercession of Jeremy White made me get a contract for a small piece of work out of the blue. The same organization contacted me immediately thereafter and told me they wanted to carry out a due diligence of my company with a view to offering us a new project. Being a large financial institution they were going to look at the policies, accounts and references as part of their due diligence.

I started saying the prayer card to Jeremy White since I knew I did not have some of the information they would ask for as we are a new company. When the company contacted me they asked me to submit a proposal for the project and I did. At this point I discovered that the first part of my prayer had been answered as they did not require me to produce those documents which in fact I did not have. The Proposal evaluation and approval started in early June and we discussed our proposal and fine tuned it.

This afternoon (4th July) I have received a contract for services to be offered over a period of two years. While I only applied for the immediate need they decided to retain my services for a longer period (2 years) and secondly they did not invite any other organization to bid for the same. I want to thank God for granting me this favour

through the intercession of Jeremy White. Thank you very much.
