## **"The Baby Project"**

My wife and I have one child, a boy who is now 9 years old. For a long time we've been looking for another baby without success. I therefore decided to entrust the 'baby project' to Don Alvaro by saying his prayer card regularly. Once the date of beatification was announced I

started arranging to attend the beatification with my wife and hopefully also use the occasion to seek medical opinion on the issue at the University of Navarra. To our utter surprise, we discovered at the end of July 2014 that my wife was 10 weeks pregnant! Don Alvaro had fixed the issue long before our pilgrimage to the beatification. We have just returned from Madrid having attended the beatification and also having given thanks for this great gift.

### **"Letter in my hands"**

I have been praying through blessed bishop Alvaro. He has done so many favors for me and my family. I am grateful. I had a problem at work and everything was not working or rather going well and I told him to

intercede for me. After one day everything changed, the problem was solved.

I was waiting for my confirmation letter and it had taken ages. I prayed, within a week I had it in my hands.. This is just one of the many miracles he has done for me. He works and I will continue to pray through him.

### **"The car is released"**

I was introduced to Blessed Alvaro del Portillo by a colleague and friend. My husband's car has been in the police station from January to October 2014 (10 months).

For some time I have been praying for it to be released. Yesterday my friend asked me to pray a novena through blessed Alvaro del Portillo. I

had lost all hope but she however convinced me to say it. We asked, "that the car be released today!"

At around 8:00pm, my husband gave me a call that someone had called him, asking for me...and the person was at our gate. I peeped through my kitchen window ,and then I screamed. OOH MY GOD!!!I It was my husband in the car. The car that had been held by the police for about a year.

To cut the story short, I believe the novena did the miracle!

**"Financial help and a son back home"**

It was around mid-July 2014 when I was at the lowest ebb of my life. First I urgently needed finances to host a

family gathering and renovate the house and secondly, my son had deserted his family and went underground for over an year and his family was now under my care.

Things were so heavy on me as my earnings were too low for our needs. A workmate then gave me Bishop Alvaro's card and a magazine and I saw how Alvaro had helped people so I decided to ask him to help me.

It was amazing that after two weeks of the novena to Bishop Alvaro, there was a financial breakthrough at last. After a month or so my lost son came back home unannounced. I thanked God and remembered Bishop Alvaro for all these.

Thank you Lord.
