

# Family unity

The move was a painful one and had a bad effect on our family unity.

08/23/2017

I want to bear witness to the help I have received from God through Saint Josemaria's intercession. I had to move to another town because of my job. The move was a painful one and had a bad effect on our family unity. I prayed to God to give me light to keep my family together. The road has been a hard one, but with God's help I have traveled it. I pray to Saint

Josemaria to continue interceding for me before God, to achieve my goal. Thank you, too, because we have fewer moments of friction and more peace and family harmony.
