It Arrived Just In Time

In my work, we make an order for fruit two days a week. Normally the fruit arrives on Fridays at 2 o'clock in the afternoon. But something unexpected came up earlier that week and we ended up being without fruit, and needing to prepare food for 50 people.

In my work, we make an order for fruit two days a week. Normally the

fruit arrives on Fridays at 2 o'clock in the afternoon. But something unexpected came up earlier that week and we ended up being without fruit, and needing to prepare food for 50 people.

Starting the day before, I prayed to Dora that on Friday, the fruit order would arrive before 1 o'clock so that we would be able to prepare everything in time. I also asked everyone else on my team to pray to Dora for this intention.

Out of the blue, the fruit arrived at 12:15 PM and we were happily able to prepare everything well and with calmness. I thank Dora for this small favor which for us was of great importance.
