“Dear friends, here is the secret of the movement of the human heart: returning to the source of its being, delighting in the joy that never fails, that never disappoints. No one can live without a meaning that goes beyond the contingent, beyond what passes away. The human heart cannot live without hope, without knowing that it is made for fullness, not for want. Jesus Christ, with his Incarnation, Passion, Death and Resurrection, has given us a solid foundation for this hope. The restless heart will not be disappointed, if it enters into the dynamism of the love for which it was created. The destination is certain, life has triumphed, and in Christ it will continue to triumph in every death

of daily life. This is Christian hope:
let us always bless and thank the
Lord who has given it to us!”
