A New Biography of St Josemaría

To the Ends of the Earth, by William Keenan, is the final volume of a compelling biography of St Josemaria Escriva, the founder of Opus Dei.

26/06/2015

To the Ends of the Earth charts the spread of Opus Dei across five continents. It also details St Josemaria's battles to get the most important message of our time heard: that holiness is for ordinary

men and women who can become saints.

This book, the conclusion of a trilogy chronicling the life of St Josemaria, was completed in the final days of Bill Keenan's life. Lying in bed with advanced cancer, eyes closed, he listened as the final paragraphs of his dictated text were read out to him. After a few seconds' silence, he made the final changes to this third volume.

The two other books in the trilogy are available via Amazon.

The Day the Bells rang out

The Path through the Mountains
