I really needed to find a solid job

For some time, I have had unstable employment and Dora has helped me to find a solid job.

For the past few years, I have asked Dora's intercession whenever I needed small but, to me, important favours: to find items I have misplaced or lost, to find a good used car at an affordable price, to accompany me when I am traveling in an unfamiliar city, etc. I have

really felt that Dora is a good friend to whom I can turn for my needs.

For some time, I have had unstable employment and I really needed to find a solid job. I asked Dora to help and I prayed, through her intercession, the prayer card nine times daily.

Dora came through for me in a totally unexpected way, when an offer for a good, full-time job came from a casual introduction to a new friend. I am grateful to Dora for her assistance and her friendship!
