

Novena and some get-togethers

The atmosphere at home was somewhat against religion.

08/18/2016

About a year and a half ago I discovered the message of St. Josemaria. The atmosphere at home was somewhat against religion, because for various reasons the family had stopped going to Mass and Confession. So I began a novena to St. Josemaria and invited my family to come and see the films of some get-togethers with him.

Today, thanks to St. Josemaria, my whole family have come back to God, and now we go to Mass and Confession together. I thank him for having lit the flame of the faith once more in my home.
