On 18 May 2019, Guadalupe Ortiz was beatified in a ceremony in Madrid. An Apostolic Brief, in Latin, was issued that day. The original text, signed by the Holy Father, Pope Francis, was delivered in November 2021. In this Newsletter, we offer our translation of the text where the Pope underlines Guadalupe's way of practising the virtues and encourages

us to spread her example as a stimulus to respond fully and personally to the Christian vocation.
