Two great jobs for my family

"My sister was out of work, so we asked Isidoro for help."

12/19/2016

My sister was out of work, so we asked Isidoro for help. The very day we finished a novena of prayer cards for his intercession, she received a phone call. In fact, we had just finished the last prayer card when the phone rang and she received an offer with better financial conditions than her previous job, and with a

work schedule that made it easier for her to look after her family.

Also my niece was an intern at a company, but had no possibility of receiving a permanent position. We asked Isidoro for help and now she has been hired for a job she really likes.

We promised to go and pray at the church where he is buried in Madrid to thank him for these favors.

I. P.
